Subject: June 7 Water Plan Advisory Committee Review Draft

Paul,

The comments of the SWC on Volume 3 of the Bulletin 160 Draft report are attached. These are the same set of comments I mentioned at the June 24 Advisory Committee meeting.

Craig T. Jones
State Water Contractors

**CALIFORNIA WATER PLAN
STATE WATER CONTRACTORS
VOLUME 3 COMMENTS**

June 24, 2004

1) Chapter 5 Page 2

Change: Castaic Lake Water District to Castaic Lake Water Agency

2) Chapter 5 Table 5-2 Page 20

It is not apparent from reviewing Table 5-2 how or if the water transfers under the Monterey Agreement or outside Monterey are included. A number of Monterey Agreement based transfers were completed since Bulletin 160-98 was issued. For example, Table 5-2 does not show the permanent transfer of 41,000 acre-feet of Table A Amount to Castaic Lake Water Agency (South Coast Hydrologic Region) in 2000. This would also require showing a permanent transfer of the same amount from the Tulare Lake Hydrologic Region.
